Goal and Objectives of Educational Activities

Goal

To develop a morally and ethically stable personality characterized by professional and social success, citizenship and patriotism, intelligence, and social activity.

Objectives

- Formation of spiritual, moral, and cultural values among students;
- Development of ethical norms and generally accepted rules of conduct in society;
- Cultivation of personal qualities necessary for effective professional activity;
- Development of civic responsibility, patriotism, legal and political culture;
- Formation of teamwork, leadership, and student self-governance skills;
- Promotion of physical and mental health and healthy lifestyle values;
- Prevention of drug abuse, alcoholism, and antisocial behavior;
- Preservation and enhancement of the historical and cultural traditions of the University;
- Formation of collective spirit, solidarity, and university corporate culture.
